

OFFICE CABINS flat pack

Office cabins Transpack as single units or for modular buildings!

Cost saving transport, quick and easy D.I.Y. assembly

Many design options make individually created space solutions possible at value for money.

Office cabins Transpack can be used either as individual units or in combinations for modular buildings. By leaving out wall panels and installing partition walls any room sizes can be created.

OFFICE CABINS

flat pack

Technical solutions which convince!

Individual layout options thanks to the panel system

Wall panels can be assembled and dismantled easily and quickly.

High quality PVC windows with double glazing and integrated roller shutter

Recessed CEE power connectors in roof frame

The individual cabins can be linked side by side, end to end or stacked on top of each other (internal staircase - available on request)
